

16th City Council District

Walter L. Newsome (JE)

I am Walter Newsome and I am your Candidate for City Council in the 16th District

I need you to help create the New Bronx. What is the New Bronx? The New Bronx is creating exciting opportunities for our youth and middle aged residents. The New Bronx is about social responsibility. The New Bronx is about fighting for adequate housing. The New Bronx is about ensuring that our seniors continue to live in a safe, affordable, and accessible community. The New Bronx is about YOU.

My platform is community, social responsibilities, and new opportunities for our residents. You need a new fresh look at your issues and your problems. The old way has failed us all.

If elected to City Council, here are a few ideas I would like to explore.

We need collaboration with existing local organizations to create a system of child-care and educational activities, free of charge.

Bring back Midnight Basketball and late night community centers.

We all desire to live in a clean, safe and peaceful community. The sheer size of our district requires that our residents and law enforcement have all the tools and technology they need to maintain quality of life. We also as a whole must be willing to be socially responsible to ourselves and to our neighbors.

Our youth and young adults are our future. From Morrisania, to Highbridge and back, we hear the same things. More opportunities for our youth and young adults.

The Bronx is on its way to becoming the green community leader in New York City, with many firsts. I have numerous ideas to reduce our carbon footprint and make the 16th District a sustainable one, all while providing jobs and entrepreneurial opportunities for our residents.

Vote for me, Walter Newsome, and let's work together to create A NEW BRONX!
