

## **18th City Council District**

**Walter Nestler** (G, PR)

I am Walter Nestler the independent candidate running in our 18th city council district. 4 years ago I ran against Annabel Palma and little has changed. We live in the poorest congressional district in America. We are the poorest county in New York State with the highest rate of unemployment. Our community has epidemic rates of diabetes, asthma, obesity and HIV infection. Our public housing is deteriorating, our public schools are underperforming and our infrastructure is crumbling or non-existent. Things need to change! We need a strong voice in city hall to improve our health, safety and local economy. We need long term sustainable improvements to our schools, housing, infrastructure, transportation, public safety, libraries and parks. Most especially we need to take care of our seniors. Our locally owned businesses need hands-on support and we must provide job training opportunities for all seeking employment. As a local business owner and while also serving on our community board I have been an outspoken advocate for these issues for more than 10 years. Over this time Annabel Palma has lost millions of dollars for our district in much needed capital projects and city expense items. It's time for a change! 10 years of Annabel Palma is enough. I am the credible candidate of highest integrity and respect for the voters decision demanding term limits for elected officials. I invite you to vote for me, Walter Nestler, The Independent Candidate for City Council. Thank you.
